## **In-Person Away Virtual Events Announces VMS™ {Virtual Memorial Service} and Digital Platform to Help Families in Grief Amid Coronavirus {COVID-19} Pandemic**

St. Louis, Missouri--April 6, 2020 - In-Person Away Virtual Events, recognizes how the Coronavirus pandemic has greatly impacted the fundamentals of human and social connections. It is truly a challenge to face the dynamics presented by grief in itself, but to face it without the opportunity to grieve with other family members and friends when a loved one has transitioned, is especially difficult. To help navigate this uncharted, end of life landscape, we are introducing our Virtual Memorial Service (VMS™).

The Virtual Memorial Service™ allows up to 40 family members and friends to gather and grieve the loss of a loved one. Service includes a faith-based minister to provide words of comfort and encouragement, a digital downloadable program, as well as opportunities for others to share their thoughts and memories with those in attendance.

The (VMS™) service is a one-hour memorial event. The cost is \$1,800 with a non-refundable \$150 deposit, and is scheduled based on the client's availability and request.

Other available items to facilitate the individuals grief and loss are: Video of the VMS™, as well as obituary writing assistance.

In-Person Away Virtual Events will partner with Elegance by Design, llc, an event planning and graphic design firm based in New Orleans, LA that specializes in custom designed events, programs and graphics for all occasions. They will provide the design for the digital downloadable memorial program included in the standard (VMS™) package.

### **About In-Person Away Virtual Events, LLC**

In-Person Away Virtual Events, LLC uses robotics and other innovative technology tools to provide our clients, their family, and friends with an alternative way to host and attend social events without breaking the bank on travel expenses. Guests participate in synchronous and engaging activities designed to make each experience as close to being there in person as possible.
